6th March 1947]

ANNEXURE V.

Terms and conditions under which Government grants are sanctioned to the institutions shown in Annexures I to III.

The main condition that governs the payment of grant in respect of institutions shown in Annexure I is that they are popular and are run in a satisfactory manner. The details of conditions sanctioning the grants are as follows :—

(1) The management should maintain necessary registers and submit the reports and returns prescribed for a Hospital.

(2) The institution should be open to periodical inspection by the District Medical Officer.

(3) Patients should be admitted irrespective of caste or creed.

(4) The management should employ only registered medical practitioners nurses and midwives.

(5) The management should maintain proper accounts and get them audited.

The accounts of institutions numbered (1), (2), (3) and (8) to (15) in Annexure I are audited by the Examiner of Local Fund Accounts. The grant in respect of institution No. (4) is based on the daily average number of patients on a per capita basis. In the remaining cases, the audit is done by private agencies.

The grant in regard to institutions included in Annexure II [except item 3)] is based on the daily average attendance and is disbursed every half year. The conditions governing the disbursement of capitation grants are given below :—

(1) The institution should employ registered medical practitioners, nurses or midwives.

(2) Admission should be made without reference to caste or creed.

(3) The management should not interfere into the religious observances of inmates.

(4) The inmates should not be encouraged to leave the institution without sufficient cause, nor should the asylum be made a comfortable sojourning place in the course of their undertakings.

(5) Where necessary, a caste cook should be employed.

(6) Cooked food or rations should be supplied to patients.

(7) The asylum should be maintained in a manner approved by the Government and adequate provision to their satisfaction should be made for the medical treatment of the inmates.

(8) The Collector and the District Medical Officer of the district should have full authority to inspect the institution and satisfy themselves that the conditions are being observed.

As regards building and equipment grants, shown in Annexure III, the applications for grants are admitted only when a real need is established. The amount of grant sanctioned represents in general, one half of the cost. The conditions relating to this grant are furnished below—

(1) that the building is solely used for the purpose for which the grant is sanctioned,

(2) that the building is maintained properly,

(3) that the management executes an agreement with the Government for the amount obtained from the Government, and

(4) that the management agrees to refund the amount in full or in part in case of breach of any of the conditions, with reference to the period stipulated in the agreement and the amount of grant received.

ANNEXURE VI.

Terms and conditions under which Government grant is sanctioned to the institution shown in Annexure IV.

(i) That it will be paid on the post-payment system in monthly instalments tentatively calculated on the basis of the actual expenditure incurred in the previous year, the final adjustment being made at the commencement of the succeeding year after the actual expenditure for the year is known,

(ii) that it will be restricted to one half of the actual net cost of the institution not exceeding the amount allotted, and

(iii) that the institution is maintained to the satisfaction of the Inspecting officers.
